

# Mei's BIG Potluck!

Written by Arthur Callis

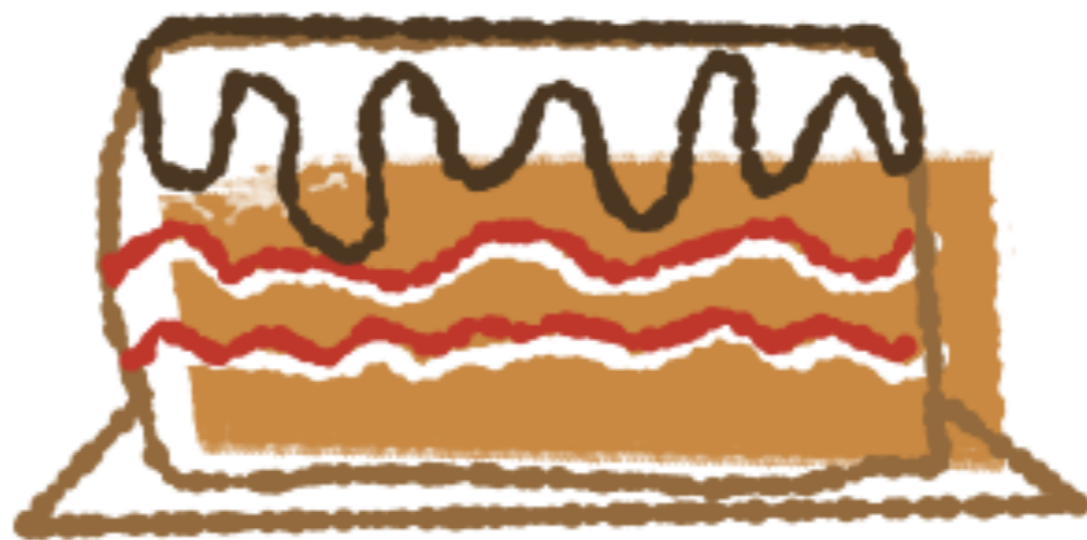

Dear little readers,

You might hear a new word in this story: **potluck!**

It's a big meal where everyone brings food to eat...

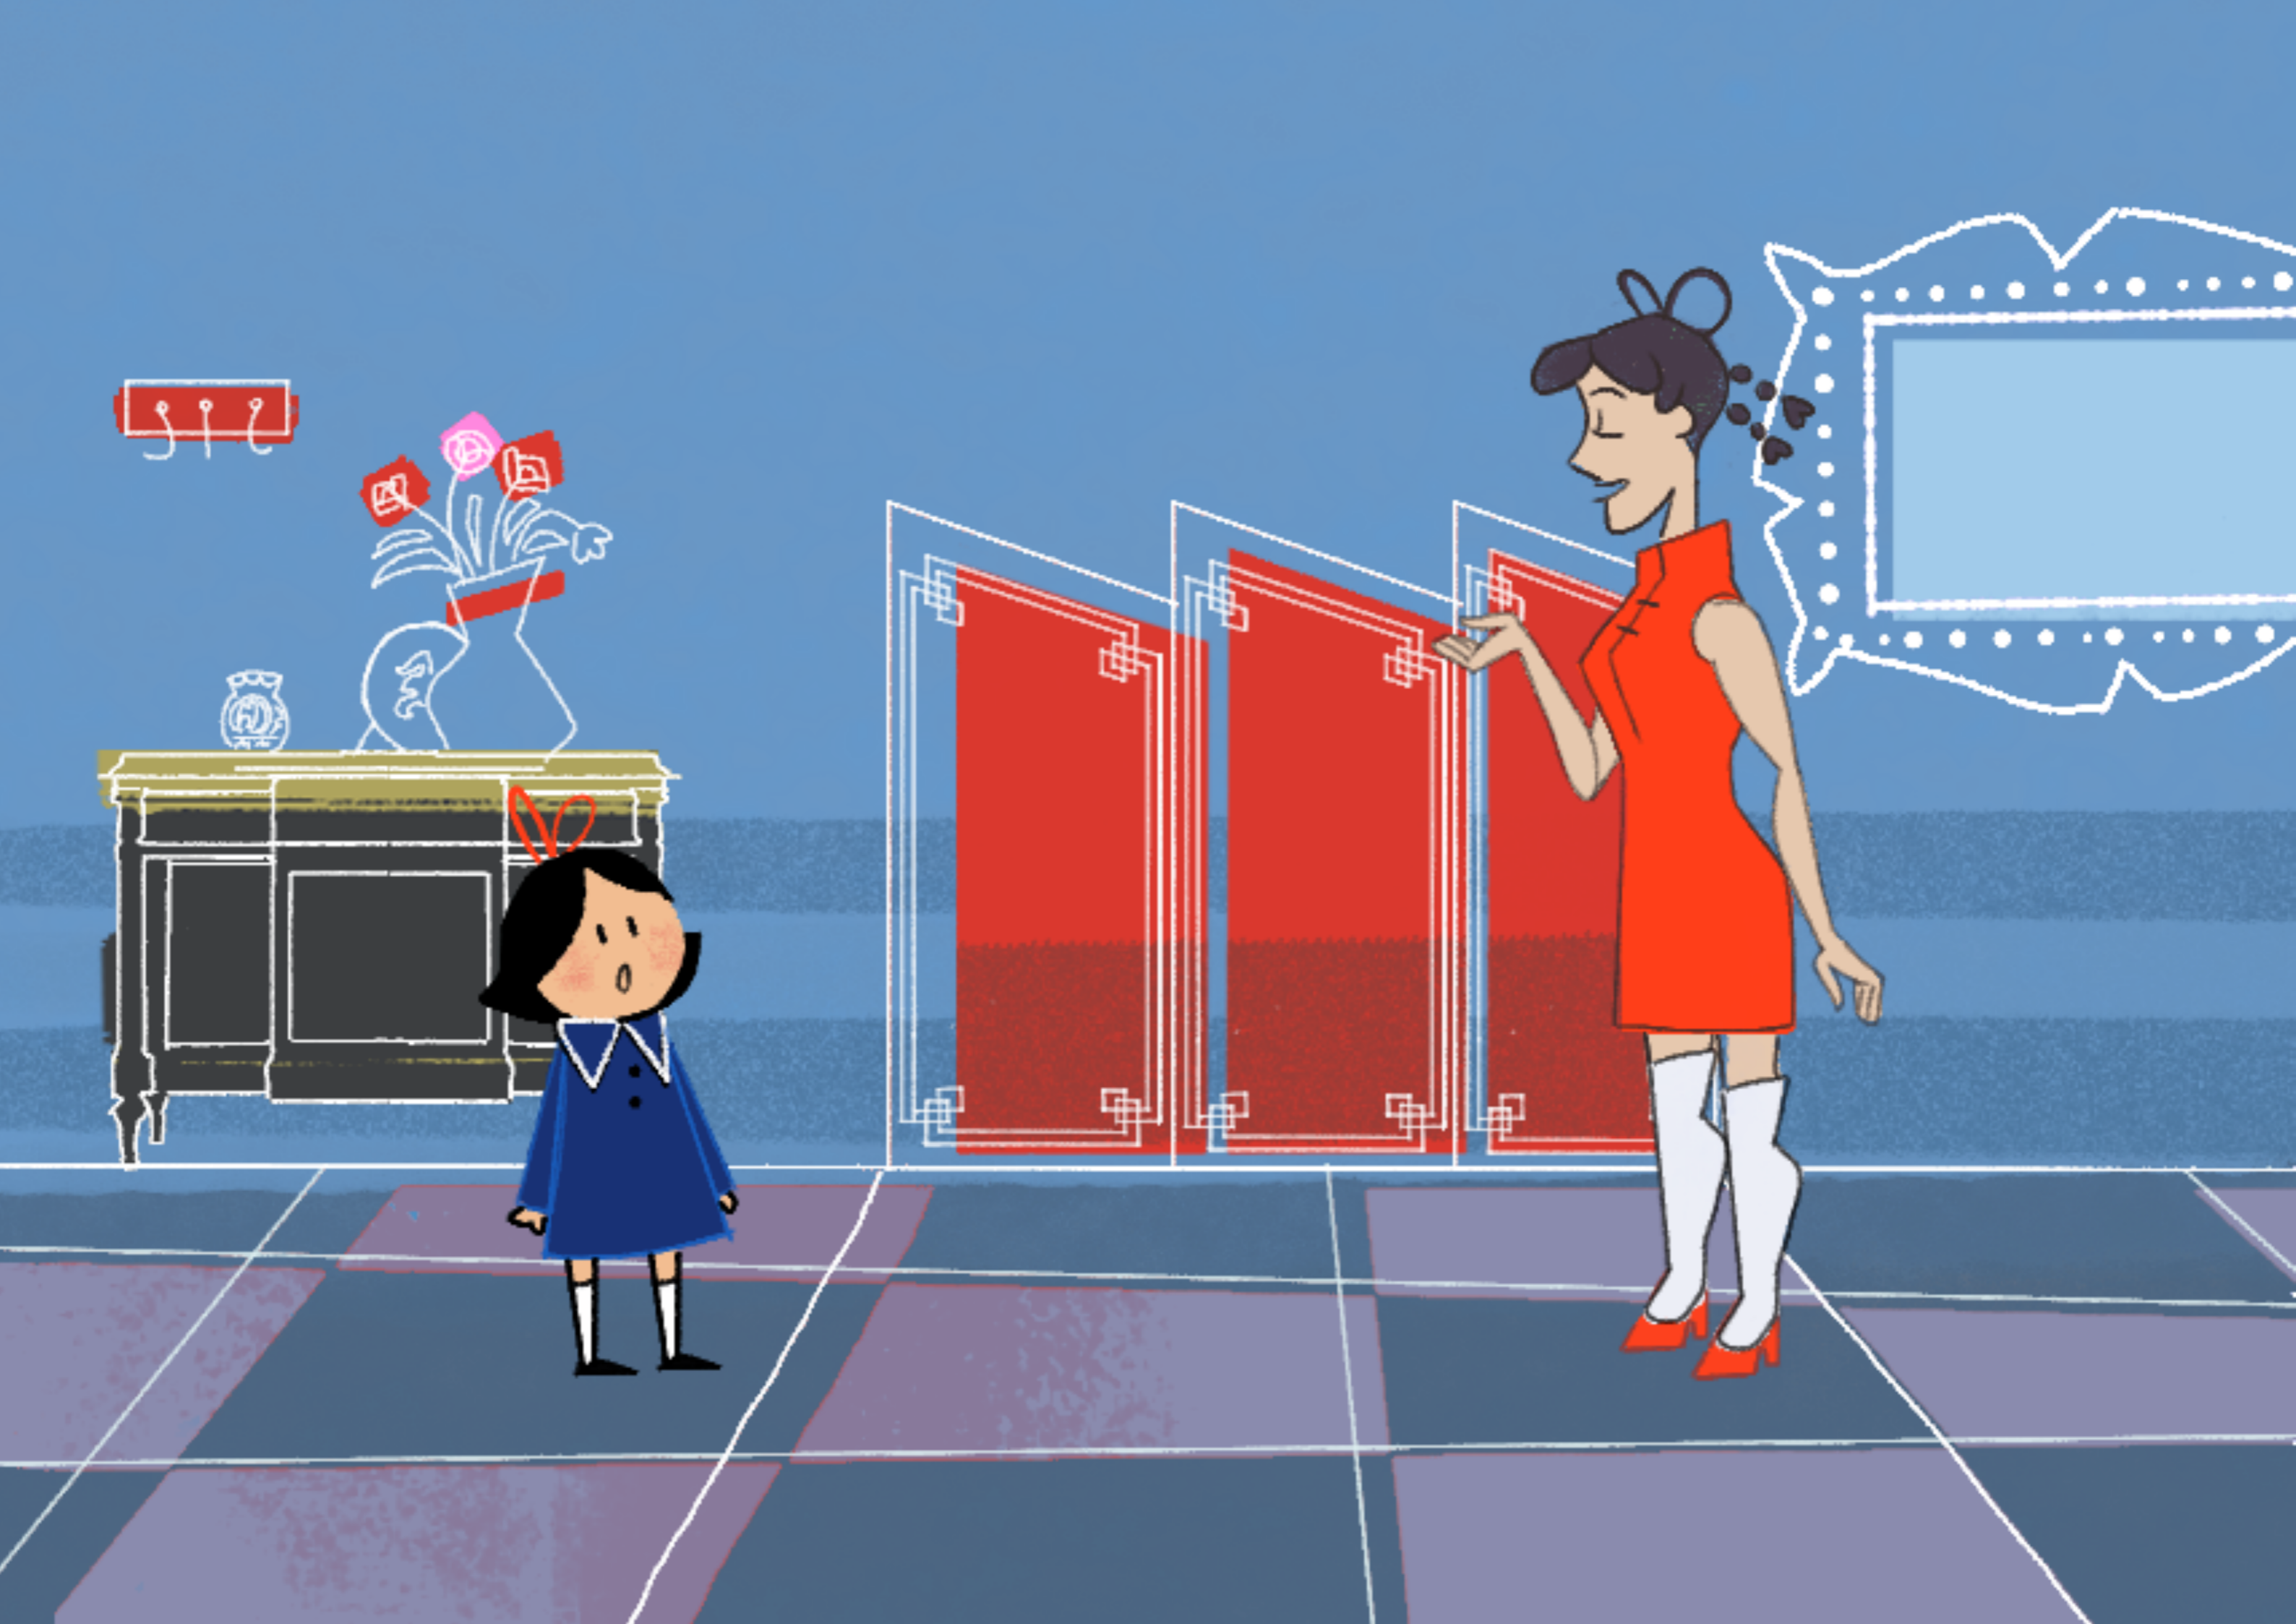

Your family may know it as a "bring-and-share"!

Yours kindly,  
The Author.

# Mei's BIG Potluck!

A storybook about food,  
culture and community!

Mummy told me everyone's  
coming 'round to celebrate!

She says "they'll all bring food,"  
so we mustn't be late!

She says it's for a potluck,  
but how can a pot be so lucky?

So off I skip next door,  
feeling puzzled but plucky.

I went to visit Auntie Anika's,  
a sweet smell was in the air...

Sweet, sweet la-doo!  
Circles here... and there!

Next I met Uncle Harjeet,  
making something quite hearty.

I asked about luck,  
he said “No, just my ka-dhi!”

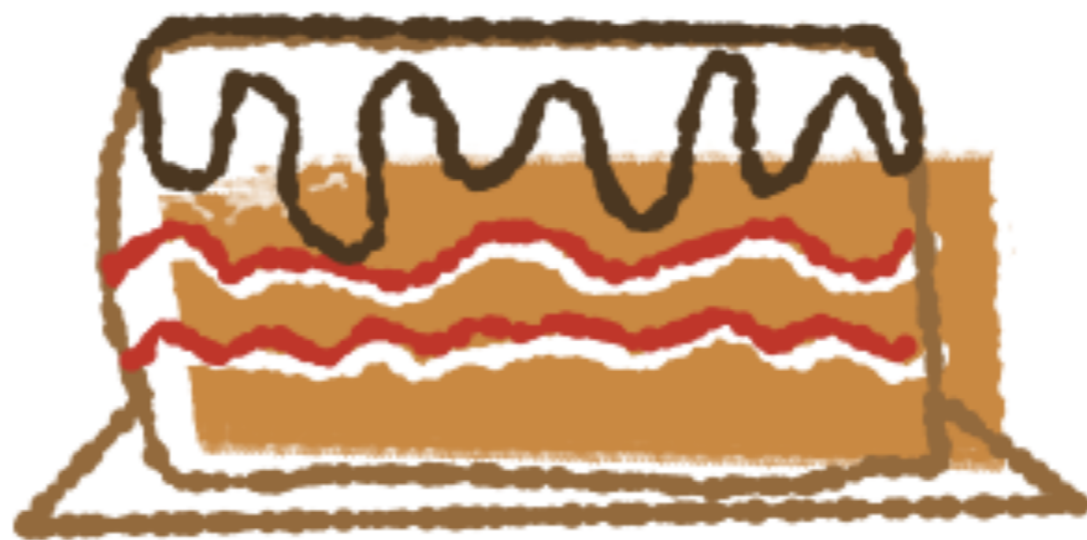

There wasn't a pot that  
was lucky, or rare!

The luck was the food...  
and the people who share!

Join Mei on a curious adventure!

When she hears about a "lucky pot," Mei sets off to discover what it means.

With the help of her neighbours (and lots of delicious food), Mei finds that some things are more special than they first seem...
